ORDER

It is informed that the transmission line has already been drawn in the premises. The husband was directed to return a sum of Rs.15,00,000/- which he had taken as compensation for the land. The demand draft stated to have been drawn on 23.04.2024 is produced today by the counsel. It is not known as to why the demand draft had not been paid to the 6th respondent immediately as directed by this Court particularly when the demand draft has been drawn on the same date as the order.

2. It is also stated that the petitioner has now filed an application for enhancement of compensation which indicates that the petitioner is ready to permit the drawing of the transmission of line across the property in question.

3. The learned counsel for the petitioner is unaware of these subsequent events and he seeks time to get necessary instructions and a suggestion has also been made since the petitioner has filed a petition for enhancement, the demand draft now taken can be paid to her.
