3. The petitioner represents himself as one belonging to person from the three communities and also holds the power of attorney from the persons belonging to other two communities. The grievance of the petitioner is that the lands belonging to three communities were being used as a burial ground for several years. However, subsequently when the town developed, there was a bar on the place being used as a burial ground and therefore, the community people have identified a different land and have started using the same as burial ground. However, it was found that the revenue records are mutated as if the lands are belonging to the Government, which reflect as Government Poramboke Mayanam. The petitioner has therefore given a representation seeking necessary errors to be corrected and joint patta being consequently issued. The said representation has been given on 27.01.2025 and the petitioner seeks limited relief of consideration of the said application on merits.

4. Considering the limited relief sought for, the 2nd respondent is directed to conduct due enquiry, give fair opportunity to the petitioner to advance his contentions and thereafter, pass orders on the petitioner's representation, dated 27.01.2025, on merits and in accordance with law, within a period of eight (8) weeks from the date of receipt of copy of this order. It is brought to my notice by the learned counsel for the petitioner that already enquiry was conducted last
