2. The official respondents have raised further objection stating that the petitioner has not produced any document from the revenue authorities and also the wiring work is not completed. It is however highly inconceivable as to why a person will apply for EB connection without wiring. As far as the private dispute between the petitioner and the fourth respondent is concerned, same has to be decided before the competent Court of civil jurisdiction.

3. Since the petitioner is already in possession of the property, the third respondent shall provide power connection provisionally. This power connection to be given to the petitioner within a period of two weeks and it will be however subject to any order that may be secured by the third respondent or by any of the revenue authority for evicting the petitioner from the property. The petitioner shall also execute necessary bond to secure the interest of the parties.

4. At this stage, learned Standing Counsel for the official respondents submits that the old application has been closed. It is therefore submitted that if the petitioner files a fresh application, EB connection will be granted in terms of
