3. By consent of both sides, this Writ Petition is taken up for final disposal at the admission stage itself.

4. The learned counsel for the petitioner would submit that the application of the petitioner was rejected by the first respondent solely on the ground that the writ petition filed by the third respondent herein was pending at that point of time. However, the said writ petition was disposed of subsequently and hence, there may not be any impediment for the second respondent to consider the application of the petitioner.

5. The order passed in the writ petition in W.P(MD)No.16899 of 2025 is included in the typeset of papers. A perusal of the same would indicate the said writ petition was dismissed by this Court by recording the statement of the fourth respondent that he would work out his remedy before the civil Court. In view of the disposal of the writ petition in W.P(MD)No.16899 of 2025 by this Court there may not be any impediment for the first respondent to consider the request of the petitioner seeking survey of the property. Therefore, the petitioner is given liberty to file fresh application seeking survey of the property

before the first respondent. If any such application is filed, the first respondent shall consider the same and pass final orders on its own merits as expeditiously as possible after issuing notice to the petitioner, 4th respondent, neighbouring land owners and other interested parties.

6. With this clarification, this Writ Petition is disposed of. No Costs.
