Registrar. However, the foot pathway adjacent to Survey No.304 has been marked. The fifth respondent leaving 1.2 metres on the southern side of his patta land as pathway, has fenced the remaining land.

3.We find that if the petitioner herein is aggrieved by the encroachment of his land, it is always open to him to approach the Survey Authority to measure his land and identify any encroachment. The averment in the affidavit claiming right of pathway in the patta land of the fifth respondent cannot be entertained, while the revenue records does not disclose the existence of any pathway, except for a marking in the 'A' Register. If the petitioner is still of the view that there is an encroachment in his property or in the access to his property, he has to make an appropriate application to the authority concerned and seek for remedy. This Court is not inclined to entertain this writ petition, which is speculative in nature. Accordingly, this Writ Petition is dismissed. No costs.
