

**IN THE HIGH COURT OF PUNJAB AND HARYANA
AT CHANDIGARH**

121

CWP-13544-2025

Date of Decision: 21.08.2025

Union of India and others**....Petitioners****Versus****Ex Naik Ranjit Singh and another****....Respondents**

**CORAM: HON'BLE MR. JUSTICE HARSIMRAN SINGH SETHI
HON'BLE MR. JUSTICE VIKAS SURI**

Present: Ms. Geeta Singhwal, Advocate
for the petitioners.

Harsimran Singh Sethi, J. (Oral)

1. In the present petition, the challenge is to the impugned order dated 03.01.2023 (Annexure P-1) passed by respondent No.2-Armed Forces Tribunal, Regional Bench, Chandigarh (hereinafter referred to as 'Tribunal'), by which, respondent No.1 has been allowed the benefit of disability pension by rounding off the disability element from 20% to 50% for life on the ground that the same is perverse.

2. Learned counsel for the petitioners places reliance upon the report of Medical Board of respondent No.1 to hold that though the disability of "Generalised Seizures (G 40) and Dyslipidemia (E 785)" has been found in respondent No.1, but the same has been held by the Medical Board to be

‘neither attributable to Military Service nor aggravated by the Military service’. Hence, the grant of benefit of disability pension by rounding off the disability element @ 50% to respondent No.1 by the Tribunal by placing reliance upon the judgment of Hon’ble Supreme Court of India in ***Dharamvir Singh versus Union of India and others, (2013) 7 SCC 316*** and ***Union of India and others vs. Ram Avtar, 2014 SCC Online SC 1761***, is incorrect.

3. Learned counsel for the petitioner has also placed reliance upon the judgment passed by Hon’ble Supreme Court of India in ***Narsingh Yadav vs. Union of India and others, (2019) 9 SCC 667***, to contend that any disorder not detected at the time of enrollment, cannot be mechanically attributed to military service. He further contends that, as per the said judgment, the presumption that a personnel who was found to be fit at the time of enrollment and was further detected with a disability, such a disability cannot be mechanically presumed to be attributed to and aggravated by military service.

4. We have heard learned counsel for the petitioners and have gone through the case file with his able assistance.

5. It is conceded fact that at the time when respondent No.1 was discharged from service i.e. on 30.09.2014, he had already rendered 16 years of service with the petitioner-Union of India. It is also a conceded fact that at the time when respondent No.1 joined the armed forces i.e. on 25.09.1998, he was medically examined and was not found suffering from any such disease on the basis of which, he was relieved from the service.

6. As per the principle settled by Hon’ble Supreme Court of India in ***Dharamvir Singh’s*** case (supra), which has also been considered by the

Tribunal in the impugned order dated 03.01.2023 (Annexure P-1), any officer serving in the Armed Forces, who had undergone the medical examination at the time of his/her selection and was not found suffering from any such disease at that time on the basis of which, he/she has been discharged from service, such an employee is entitled for the benefit of presumption in his/her favour as per Rule 5 and 9 of 'Entitlement Rules for Causality Pensionary Awards, 1982' that the said disability has been suffered by the employee during his service career and is, thus, entitled for the benefit of disability pension. The relevant paragraphs of the said judgment are as under:

“30. In the present case it is undisputed that no note of any disease has been recorded at the time of appellant's acceptance for military service. The respondents have failed to bring on record any document to suggest that the appellant was under treatment for such a disease or by hereditary he is suffering from such disease. In absence of any note in the service record at the time of acceptance of joining of appellant it was incumbent on the part of the Medical Board to call for records and look into the same before coming to an opinion that the disease could not have been detected on medical examination prior to the acceptance for military service, but nothing is on the record to suggest that any such record was called for by the Medical Board or looked into it and no reasons have been recorded in writing to come to the conclusion that the disability is not due to military service. In fact, non-application of mind of Medical Board is apparent from Clause (d) of paragraph 2 of the opinion of the Medical Board, which is as follows:

(d) In the case of a disability under C the board should state what exactly in their opinion is the cause thereof. YES ”

31. XXXX XXXX XXXX XXXX

32. In spite of the aforesaid provisions, the Pension

Sanctioning Authority failed to notice that the Medical Board had not given any reason in support of its opinion, particularly when there is no note of such disease or disability available in the service record of the appellant at the time of acceptance for military service. Without going through the aforesaid facts the Pension Sanctioning Authority mechanically passed the impugned order of rejection based on the report of the Medical Board. As per Rules 5 and 9 of 'Entitlement Rules for Casualty Pensionary Awards, 1982', the appellant is entitled for presumption and benefit of presumption in his favour. In absence of any evidence on record to show that the appellant was suffering from "Generalised seizure (Epilepsy)" at the time of acceptance of his service, it will be presumed that the appellant was in sound physical and mental condition at the time of entering the service and deterioration in his health has taken place due to service.

33. As per Rule 423(a) of General Rules for the purpose of determining a question whether the cause of a disability or death resulting from disease is or is not attributable to service, it is immaterial whether the cause giving rise to the disability or death occurred in an area declared to be a field service/active service area or under normal peace conditions."

7. Further, with regard to the grievance of the petitioners qua the rounding off disability pension, the issue has been settled by the Hon'ble Supreme Court of India in **Ram Avtar's case (supra)**, wherein it has been held that any officer serving with the Military, who had undergone the medical examination at the time of enrollment and was found fit, is subsequently found to be suffering with a disability is entitled to the benefit of disability pension as the presumption would be in favour of such an employee that the disability suffered during the service is attributable to the Military

service by rounding off the said percentage of disability. The relevant paragraph of the said judgment is as under:-

“4. By the present set of appeals the appellant(s) raise the question, whether or not, an individual, who has retired on attaining the age of superannuation or on completion of his tenure of engagement, if found to be suffering from some disability which is attributable to or aggravated by the military service, is entitled to be granted the benefit of rounding-off of disability pension. The appellant(s) herein would contend that, on the basis of Circular No. 1(2)/97/D(Pen-C) issued by the Ministry of Defence, Government of India, dated 31.01.2001, the aforesaid benefit is made available only to an Armed Forces Personnel who is invalidated out of service, and not to any other category of Armed Forces Personnel mentioned hereinabove.

5. We have heard learned counsel for the parties to the lis.

6. We do not see any error in the impugned judgment(s) and order(s) and therefore all the appeals which pertain to the concept of rounding-off of the disability pension are dismissed, with no order as to costs.

7. The dismissal of these matters will be taken note of by the High Courts as well as by the Tribunals in granting appropriate relief to the pensioners before them, if any, who are getting or are entitled to the disability pension.”

8. Learned counsel for the petitioner has not been able to dispute the said proposition of law having been settled by the Hon’ble Supreme Court of India in ***Dharamvir Singh’s case (supra)*** as well as ***Ram Avtar’s case (supra)***

to the extent that percentage of disability is to be rounded off and when applied in the present case, disability of 20% is to be rounded off to 50%.

9. With regard to the reliance being placed by the learned counsel for the petitioner on the judgment in ***Narsingh Yadav's case (supra)*** to contend that in case a person is found to be fit at time and is at later stage in service found to be suffering from a disability, the presumption that such a disability is attributed to military service cannot be applied mechanically, qua the said aspect, it shall be noted that to rebut such a presumption, which is in favour of a disabled employee, sufficient material has to be brought on record to show that neither the service conditions nor the duties assigned to the employee concerned were of such a nature which could establish that disability is not attributable to the military service, such onus has not been discharged by the employer in the present case to show that the respondent No.1-employee's case is covered by ***Narsingh Yadav's case (supra)***.

10. Keeping in view the settled principle of law settled in ***Dharamvir Singh's case (supra)*** and ***Ram Avtar's case (supra)*** as well as the facts and circumstances of the present case that at the time of selection, respondent No.1 was medically examined and was found fit in all respects and it was only after respondent No.1 rendered service for 16 years with the petitioner-UOI, he was found to be suffering from the *Generalised Seizures (G 40)* and *Dyslipidemia (E 785)* along with the fact that no cogent evidence/material or detailed medical record has been brought on record to show this Court that the disability is not attributable to military service. That being so, the said disability has to be attributed to the military service and the report of Medical Board cannot take away the right of respondent No.1 to

claim the benefit of disability pension.

11. Hence, in the absence of any perversity being pointed out in the impugned order dated 03.01.2023 (Annexure P-1) either on the basis of the facts or the settled principle of law, no ground is made out for any interference by this Court in the facts and circumstances of the present case.

12. Accordingly, the writ petition is dismissed.

13. Pending application(s), if any, stands disposed of.
