

**IN THE HIGH COURT OF PUNJAB AND HARYANA
AT CHANDIGARH**

FAO-4050-2010

Reserved on: 29.10.2025

Date of decision: 31.10.2025

KRISHNA DEVI AND ORS.

..Appellants

Versus

SATBIR AND ANR.

..Respondents

CORAM: HON'BLE MRS. JUSTICE SUDEEPTI SHARMA

Present: Mr. Shilak Ram Hooda, Advocate
for appellant.

Mr. Rajneesh Malhotra, Advocate
Ms. Manvi Verma, Advocate
for respondent No.2.

SUDEEPTI SHARMA, J.

1. The present appeal has been preferred against the award dated 01.06.2009 passed by the learned Motor Accident Claims Tribunal, Sonapat (for short, 'the Tribunal') in the claim petition filed under Section 166 of the Motor Vehicles Act, 1988 for enhancement of compensation granted to the claimants to the tune of Rs.7,15,850/- along with interest @ 7.5% per annum, on account of death of Anand Kumar in a Motor Vehicular Accident, occurred on 09.01.2008.

2. As sole issue for determination in the present appeal is confined to quantum of compensation awarded by the learned Tribunal, a detailed narration of the facts of the case is not required to be reproduced here for the sake of brevity.

SUBMISSIONS OF LEARNED COUNSEL FOR THE PARTIES

3. The learned counsel for the claimants-appellants contends that the amount assessed by the learned Tribunal is on the lower side and

deserves to be enhanced. Therefore, he prays that the present appeal be allowed and amount of compensation be enhanced as per latest law.

4. He further contends that the learned Tribunal has erred in determining the salary of the deceased. In addition to this, the learned Tribunal has also erred in the application of multiplier and no future prospects is added to the salary of the deceased.

5. Per contra, learned counsel for respondents, however, vehemently argues that the award has rightly been passed and the amount of compensation, as assessed by the learned Tribunal has rightly been granted. Therefore, he prays for dismissal of the appeal.

6. I have heard learned counsel for the appellants and perused the whole record of this case with his able assistance.

SETTLED LAW ON COMPENSATION

7. Hon'ble Supreme Court in the case of **Sarla Verma Vs. Delhi Transport Corporation and Another** [(2009) 6 Supreme Court Cases 121], laid down the law on assessment of compensation and the relevant paras of the same are as under:-

“30. Though in some cases the deduction to be made towards personal and living expenses is calculated on the basis of units indicated in Trilok Chandra, the general practice is to apply standardised deductions. Having a considered several subsequent decisions of this Court, we are of the view that where the deceased was married, the deduction towards personal and living expenses of the deceased, should be one-third (1/3rd) where the number of dependent family members is 2 to 3, one-fourth (1/4th)

where the number of dependent family members is 4 to 6, and one-fifth (1/5th) where the number of dependent family members exceeds six.

31. Where the deceased was a bachelor and the claimants are the parents, the deduction follows a different principle. In regard to bachelors, normally, 50% is deducted as personal and living expenses, because it is assumed that a bachelor would tend to spend more on himself. Even otherwise, there is also the possibility of his getting married in a short time, in which event the contribution to the parent(s) and siblings is likely to be cut drastically. Further, subject to evidence to the contrary, the father is likely to have his own income and will not be considered as a dependant and the mother alone will be considered as a dependant. In the absence of evidence to the contrary, brothers and sisters will not be considered as dependants, because they will either be independent and earning, or married, or be dependent on the father.

32. Thus even if the deceased is survived by parents and siblings, only the mother would be considered to be a dependant, and 50% would be treated as the personal and living expenses of the bachelor and 50% as the contribution to the family. However, where the family of the bachelor is large and dependent on the income of the deceased, as in a case where he has a widowed mother

and large number of younger non-earning sisters or brothers, his personal and living expenses may be restricted to one-third and contribution to the family will be taken as two-third.

** * * * **

42. We therefore hold that the multiplier to be used should be as mentioned in Column (4) of the table above (prepared by applying Susamma Thomas³, Trilok Chandra and Charlie), which starts with an operative multiplier of 18 (for the age groups of 15 to 20 and 21 to 25 years), reduced by one unit for every five years, that is M-17 for 26 to 30 years, M-16 for 31 to 35 years, M-15 for 36 to 40 years, M-14 for 41 to 45 years, and M-13 for 46 to 50 years, then reduced by two units for every five years, that is, M-11 for 51 to 55 years, M-9 for 56 to 60 years, M-7 for 61 to 65 years and M-5 for 66 to 70 years.

8. Hon’ble Supreme Court in the case of **National Insurance Company Ltd. Vs. Pranay Sethi & Ors.** [(2017) 16 SCC 680] has clarified the law under Sections 166, 163-A and 168 of the Motor Vehicles Act, 1988, on the following aspects:-

- (A) Deduction of personal and living expenses to determine multiplicand;
- (B) Selection of multiplier depending on age of deceased;
- (C) Age of deceased on basis for applying multiplier;

(D) Reasonable figures on conventional heads, namely, loss of estate, loss of consortium and funeral expenses, with escalation;

(E) Future prospects for all categories of persons and for different ages: with permanent job; self-employed or fixed salary.

The relevant portion of the judgment is reproduced as under:-

*“52. As far as the **conventional heads** are concerned, we find it difficult to agree with the view expressed in Rajesh². It has granted Rs.25,000 towards funeral expenses, Rs 1,00,000 towards loss of consortium and Rs 1,00,000 towards loss of care and guidance for minor children. The head relating to loss of care and minor children does not exist. Though Rajesh refers to Santosh Devi, it does not seem to follow the same. The conventional and traditional heads, needless to say, cannot be determined on percentage basis because that would not be an acceptable criterion. Unlike determination of income, the said heads have to be quantified. Any quantification must have a reasonable foundation. There can be no dispute over the fact that price index, fall in bank interest, escalation of rates in many a field have to be noticed. The court cannot remain oblivious to the same. There has been a thumb rule in this aspect. Otherwise, there will be extreme difficulty in determination of the same and unless the thumb rule is*

applied, there will be immense variation lacking any kind of consistency as a consequence of which, the orders passed by the tribunals and courts are likely to be unguided. Therefore, we think it seemly to fix reasonable sums. It seems to us that reasonable figures on conventional heads, namely, loss of estate, loss of consortium and funeral expenses should be Rs.15,000, Rs.40,000 and Rs.15,000 respectively. The principle of revisiting the said heads is an acceptable principle. But the revisit should not be fact-centric or quantum-centric. We think that it would be condign that the amount that we have quantified should be enhanced on percentage basis in every three years and the enhancement should be at the rate of 10% in a span of three years. We are disposed to hold so because that will bring in consistency in respect of those heads.

* * * *

*

59.3. While determining the income, an addition of 50% of actual salary to the income of the deceased towards future prospects, where the deceased had a permanent job and was below the age of 40 years, should be made. The addition should be 30%, if the age of the deceased was between 40 to 50 years. In case the deceased was between the age of 50 to 60 years, the addition should be

15%. Actual salary should be read as actual salary less tax.

59.4. In case the deceased was self-employed (or) on a fixed salary, an addition of 40% of the established income should be the warrant where the deceased was below the age of 40 years. An addition of 25% where the deceased was between the age of 40 to 50 years and 10% where the deceased was between the age of 50 to 60 years should be regarded as the necessary method of computation. The established income means the income minus the tax component.

59.5. For determination of the multiplicand, the deduction for personal and living expenses, the tribunals and the courts shall be guided by paras 30 to 32 of Sarla Verma⁴ which we have reproduced hereinbefore.

59.6. The selection of multiplier shall be as indicated in the Table in Sarla Verma¹ read with para 42 of that judgment.

59.7. The age of the deceased should be the basis for applying the multiplier.

59.8. Reasonable figures on conventional heads, namely, loss of estate, loss of consortium and funeral expenses should be Rs 15,000, Rs 40,000 and Rs 15,000 respectively. The aforesaid amounts should be enhanced at the rate of 10% in every three years.”

9. Hon'ble Supreme Court in the case of **Magma General Insurance Company Limited Vs. Nanu Ram alias Chuhru Ram & Others [2018(18) SCC 130]** after considering **Sarla Verma (supra)** and **Pranay Sethi (Supra)** has settled the law regarding consortium. Relevant paras of the same are reproduced as under:-

“21. A Constitution Bench of this Court in Pranay Sethi² dealt with the various heads under which compensation is to be awarded in a death case. One of these heads is loss of consortium. In legal parlance, "consortium" is a compendious term which encompasses "spousal consortium", "parental consortium", and "filial consortium". The right to consortium would include the company, care, help, comfort, guidance, solace and affection of the deceased, which is a loss to his family. With respect to a spouse, it would include sexual relations with the deceased spouse.

*21.1. **Spousal consortium** is generally defined as rights pertaining to the relationship of a husband-wife which allows compensation to the surviving spouse for loss of "company, society, cooperation, affection, and aid of the other in every conjugal relation".*

*21.2. **Parental consortium** is granted to the child upon the premature death of a parent, for loss of "parental aid, protection, affection, society, discipline, guidance and training".*

*21.3. **Filial consortium** is the right of the parents to compensation in the case of an accidental death of a child. An accident leading to the death of a child causes great shock and agony to the parents and family of the deceased. The greatest agony for a parent is to lose their child during their lifetime. Children are valued for their love, affection, companionship and their role in the family unit.*

22. Consortium is a special prism reflecting changing norms about the status and worth of actual relationships. Modern jurisdictions world-over have recognised that the value of a child's consortium far exceeds the economic value of the compensation awarded in the case of the death of a child. Most jurisdictions therefore permit parents to be awarded compensation under loss of consortium on the death of a child. The amount awarded to the parents is a compensation for loss of the love, affection, care and companionship of the deceased child.

23. The Motor Vehicles Act is a beneficial legislation aimed at providing relief to the victims or their families, in cases of genuine claims. In case where a parent has lost their minor child, or unmarried son or daughter, the parents are entitled to be awarded loss of consortium under the head of filial consortium. Parental consortium is awarded to children who lose their parents in motor

vehicle accidents under the Act. A few High Courts have awarded compensation on this count. However, there was no clarity with respect to the principles on which compensation could be awarded on loss of filial consortium.

24. The amount of compensation to be awarded as consortium will be governed by the principles of awarding compensation under "loss of consortium" as laid down in Pranay Sethi². In the present case, we deem it appropriate to award the father and the sister of the deceased, an amount of Rs 40,000 each for loss of filial consortium.

10. A perusal of the award reveals that the deceased-Anand Kumar was stated to be 38 years of age at the time of the accident. However, no documentary evidence supporting the same was placed before the learned Tribunal. On the contrary, post mortem report (Ex.P-4) indicates that the age of the deceased was 40 years.

11. It is settled proposition of law as held by Hon'ble the Supreme Court in ***Sunita Vs. Vinod Singh 2025 INSC 366*** wherein the Hon'ble Apex Court held that in absence of material indicating to the contrary, there is no inhibition to accept the age of deceased as per post mortem report. The relevant extract of the same is reproduced as under:-

"11. The amount arrived at by the High Court of the monthly income being Rs.5,819/- (Rupees Five Thousand Eight Hundred and Nineteen) as against the claim of Rs.10,000/- (Rupees Ten Thousand) appears to be on the

*lower side as the total earning of the deceased from family pension itself ought to have been considered which itself would come to Rs.5,137/- (Rupees Five Thousand One Hundred and Thirty-Seven) to which the notional wages as a home maker had to be added, which we find is reasonable as has been taken by the High Court at Rs.2,500/- (Rupees Two Thousand Five Hundred). Thus, the monthly income would come to Rs.7,637/- (Rupees Seven Thousand Six Hundred and Thirty-Seven), which we are inclined to round off at Rs.7,000/- (Rupees Seven Thousand) Coming to the multiplier factor which is dependent on the age, there is sufficient indication that the deceased was aged about 45 years as per the Post-Mortem Report which is a scientific assessment of the age of the deceased. The purported discrepancy in the age with regard to that of the claimant and the deceased is erroneous for the reason that when the claim was filed, appellant no.1 was aged about 30 years and a difference of 15 years between the daughter-in-law and the mother-in-law cannot be said to be totally devoid of reality given the contextual and prevalent societal norms in vogue at the time of marriage of the deceased which could have been at least 25 to 30 years prior to her death i.e., in or about the 1970s. **Moreover, in the absence of material indicating to the contrary, there is no inhibition to accept the age of the deceased as per the Post-Mortem***

Report. *Thus, we are inclined to grant her the benefit of multiplier of 14 taking her age as 45 years. With regard to the loss of love and affection, Pranay Sethi (supra) grants Rs.40,000/- (Rupees Forty Thousand) per head with escalation of 10% every three years for loss of consortium which has been interpreted in Magma General Insurance Co. Ltd. v Nanu Ram, (2018) 18 SCC 130 to include spousal, parental, and filial consortium. Thus, there being five claimants the amount shall be [Rs.48,000/- x 5] which comes to Rs.2,40,000/- (Rupees Two Lakhs and Forty Thousand) payable under the head of loss of love and affection.”*

12. In view of the above, referred to judgment, the age of deceased Anand Kumar is rightly ascertained as **40 years** at the time of accident by the learned Tribunal.

13. It is duly evident from the award that PW-1 Mahavir has proved the salary of deceased as Rs.7,794/- per month vide Ex.P-1 (salary certificate). A perusal of Ex.P-1 (salary certificate) shows that the gross salary of the deceased was Rs.7,794/- per month but after deductions such as HRA, conveyance and washing allowance, the deceased was getting Rs.7,000/- P.M. The Tribunal has considered the carry home salary of the deceased as Rs.7,000/- P.M while calculating the compensation. The Ld. Tribunal has erred in assessing monthly salary of the deceased, it is a settled preposition of law that allowances and perquisites must be added to the basic salary for determining the actual salary of the deceased, and future prospects must be applied thereafter.

14. Moreover, the Hon'ble Supreme Court in its recent decision in ***Meenakshi v. Oriental Insurance Company, 2024 INSC 583*** has further reinforced this position. The relevant extracts of the same is reproduced as under:-

10. Therefore, components of house rent allowance, flexible benefit plan and company contribution to provident fund have to be included in the salary of the deceased while applying the component of rise in income by future prospects to determine the dependency factor. The Accident Claims Tribunal was justified in factoring these components into the salary of the deceased, before applying 50% rise by future prospects due to future prospects, while calculating the total compensation payable to the appellant.

11. Clearly, the High Court erred in accepting the appeal filed by the respondent No. 1- Insurance Company and reducing the compensation payable to the appellant from a sum of ₹ 1,04,01,000/- (Rupees One crore four lakh one thousand only) awarded by the Accident Claims Tribunal to ₹ 49,57,035/-(Rupees Forty nine lakh fifty seven thousand and thirty five only).

12. We, therefore, hold that the High Court has erred while omitting to add the components of house rent allowance, flexible benefit plan and Company contribution to provident fund to the basic salary of the deceased while applying the principle of rise in income by future prospects.

15. Consequently, in view of the salary certificate Ex.P-1 and judgment of Hon'ble Apex Court in ***Meenakshi Vs. Oriental Insurance***

Company’s case (*supra*). The monthly salary of deceased is assessed as Rs.7,794/- per month. So far as the multiplier is concerned, the learned Tribunal erred in law in applying the multiplier of 13 instead of 15, in view of the law laid down by Hon’ble Supreme Court in **Sarla Verma’s case** (*supra*). The Ld. Tribunal also not awarded any amount for future prospects and loss of estate. Moreover, the amount awarded for funeral expenses and loss of consortium is on the lower side and deserves to be enhanced. Therefore, the award requires indulgence of this Court.

CONCLUSION

16. In view of the law laid down by the Hon’ble Supreme Court in the above referred to judgments, the present appeal is allowed. The award dated 01.06.2009 is modified accordingly. The appellants-claimants are entitled to enhanced compensation as per the calculations made hereunder:-

<i>Sr. No.</i>	<i>Heads</i>	<i>Compensation Awarded</i>
1	Monthly Income	Rs.7,794/-
2	Future prospects @ 30%	Rs.2338/- (30% of 7794)
3	Deduction towards personal expenditure 1/4	Rs.2,533/- (10,132 X 1/4)
4	Total Income	Rs.7,599/- (10132-2533)
5	Multiplier	15
6	Annual Dependency	Rs.13,67,820/- (7559 X 12 X 15)
7	Loss of Estate	Rs.18,150/-
8	Funeral Expenses	Rs.18,150/-
9	Loss of Consortium (48,400 X 4)	Rs.1,93,600/-
10	Total Compensation	Rs.15,97,720/-
11	Deduction Amount Awarded by the Tribunal	Rs.7,15,850/-
12	Enhanced amount	Rs.8,81,870/- (15,97,720-7,15,850)

17. So far as the interest part is concerned, as held by Hon’ble Supreme Court in **Dara Singh @ Dhara Banjara Vs. Shyam Singh Varma** 2019 ACJ 3176 and **R.Valli and Others VS. Tamil Nandu State Transport Corporation (2022) 5 Supreme Court Cases 107**, the appellants-claimants are granted the interest @ 9% per annum on the enhanced amount from the date of filing of claim petition till the date of its realization.

18. The Insurance Company-respondent No.2 is directed to deposit the enhanced amount of compensation along with interest with the Tribunal within a period of two months from the receipt of copy of this judgment. The Tribunal is directed to disburse the enhanced amount of compensation along with interest in the accounts of the claimants/appellants, as per ration settled by the learned Tribunal, vide its award dated 01.06.2009. The claimants/appellants are directed to furnish their bank account details to the Tribunal.
