CM-8901-CWP-2025

Application is allowed, as prayed for.

CWP No. 17279-2025

1. In the present petition, the challenge is to the Notification dated 02.06.2025 (Annexure P-2) issued by the Government of Haryana by which, certain Institutions have been designated as Examination Centers for conducting the examination of Diploma in Pharmacy which were to be held in the month of May/June, 2025.

2. Learned counsel appearing on behalf of the petitioner submits that the Institutions which have been designated as Examination Centers indulge in unfair means so as to unlawfully support those candidates who are studying in the said Institutions and, therefore, the said Institutions should

not have been made the Examination Centers as the same is causing prejudice to the petitioner. Learned counsel submits that there are other Semi-government and Government Institutions which can be made the Examination Centers for conducting the examination in a free and transparent manner.

3. I have heard learned counsel for the petitioner and have gone through the record with his able assistance.

4. It may be noticed that the examinations have already been held as of now as per the Notification dated 02.06.2025, which is a conceded fact. Further, last year also a similar writ petition was filed by the petitioner being CWP No. 3706 of 2023 which got disposed of on the ground that the same has been rendered infructuous keeping in view the fact that the examinations by the petitioner have already been conducted. Once, in the similar facts, the writ petition has been withdrawn on the ground that the same has been rendered infructuous, the present petition has also been rendered infructuous as the examinations have already been held in pursuance to the Notification 02.06.2025 (Annexure P-2), which has been challenged in the present petition.

5. Further, certain allegations have been made qua the Institutions that they indulge in unfair means while being designated as the Examination Centers to illegally help the students who were studying in such Institutions. This is a very serious allegation and the allegations have been made against the Institutions without even making the Institutions party to the present petition. No allegation against an Institution can be looked into by this

Court, which is not party before this Court hence, the allegation alleged against the Institutions that unfair means are being adopted by them while being Examination Centers, cannot be accepted in the facts and circumstances of the present case, especially when no evidence has come on record to show that any allegation of unfair means by any Institution surfaced in the present examination hence, these allegations against the Institution merely on the bald argument of the petitioner cannot be accepted.

6. Further, the State is the competent authority to decide as to how the examinations are to be conducted.

7. Keeping in view the totality of the circumstances, no ground is made out for any interference by this Court in the present petition.

8. Dismissed.
