1. This petition assails the disconnection made by respondent No.3-PSPCL to the electric supply/connection of petitioners, who are receiving the electric supply from respondent No.3 through a sub-meter.

2. The main electric meter supplies electricity to respondent No.4. The petitioners are the tenants of respondent No.4.

3. During the course of arguments, it transpires, as informed by learned counsel for respondent No.3, that both the

petitioners have applied for installation of main electric meter u/s 43 of the Electricity Act, before respondent No.3 on 14.11.2025 by depositing the requisite amount.

4. If all the formalities for installing the main electric meter have been followed by the petitioners, then respondent No.3 is directed to ensure installation of the main electric meter, so that no further such instances of disconnection may arise. Let the meter be installed, provided all requisite formalities are followed, as expeditiously as possible, preferably within a period of 30 days.

5. The writ petition stands disposed of accordingly.

6. Pending application(s), if any, shall also stand disposed of.
