ORDER

% **07.07.2025**

1. The instant petition has been filed seeking quashing of FIR No. 0260/2024 under Sections 323, 341 and 34 of the Indian Penal Code, 1860¹ registered at P.S. Saket, on the basis of a compromise arrived at between the parties. The petition is accompanied with a Memorandum of Understanding/Settlement Agreement dated 1st May, 2025² executed between the parties, as well as an affidavit of the Complainant – i.e., Respondent No. 2 recording the settlement terms, receiving his no objection to the quashing of the FIR.

¹ “IPC”

² “MoU”

2. However, at the outset counsel for Petitioners states that since Respondent No. 2 is not agreeable to the terms of the settlement mentioned in the MoU, he has instructions to withdraw the present petition.
3. At the same time, counsel representing Respondent No. 2, states that he seeks discharge from representing Respondent No. 2.
4. Apparently the settlement arrived at between the parties has not fructified. In any event, since the Petitioners have now decided to withdraw the present petition, the prayer for withdrawal is allowed.
5. Accordingly, the present petition is dismissed as withdrawn. Pending applications, if any, also stand disposed of as infructuous.
6. It is clarified that the Court has not commented on the merits of the case. In the event, the parties arrived at a genuine settlement in the future, they shall be free to re-apply to the Court for appropriate orders by filing an appropriate petition, in accordance with law.
