Court No.28
Item No.25
ssi

CRM (A) 1202 of 2026

In Re: - An application for anticipatory bail under Section 482 of the Bharatiya Suraksha Nagarik Sanhita in connection with Jagaddal Police Station Case No. 410 of 2025 dated 21.11.2025 under Sections 126(2)/115(2)/117(2)/109/351 (2)/ 3(5) of the BNS, 2023 and adding Section 103 (1) of BNS, 2023.

And

In the matter of: **Raj @ Raja Shaw.**

.... Petitioner

Mr. Atis Kumar Biswas
Mr. Amit Singh
Mrs. Shailaja Gupta

...for the petitioner

Mr. Sandip Chakraborty
Mrs. Rituparna Saha

...for the State

Learned counsel appearing on behalf of the petitioner submits as follows. There was a scuffle between the victim and others. The alleged victim went to the police station and lodged an FIR. It was only after about eight days that he was again admitted to the hospital and thereafter, he passed away. The petitioner is not standing on the same footing as one Amit @ Amit Kumar Bin, whose application for anticipatory bail was rejected by this Court earlier.

Learned counsel appearing on behalf of the State strongly opposes the prayer for anticipatory bail. He relies on the post-mortem report which shows that death was caused due to the injuries inflicted. Among other things, there was a scalp hematoma, a fracture over the right parietal region, dislocation of right sided anterior ribs and hemorrhage noted in both the kidneys. He also refers to the dying declaration of the victim, which specifically names the present

petitioner as one of the assailants. He refers to the statements of eye-witnesses which also specifically implicate the present petitioner.

Considering the above, the other incriminating materials available in the case diary and the fact that a similarly circumstanced co-accused was denied the benefit of anticipatory bail, I do not consider this is to be a fit case for granting anticipatory bail.

Accordingly, the application for anticipatory bail is rejected.

Urgent photostat certified copy of this order be supplied to the parties, if applied for, as early as possible.

(Jay Sengupta, J.)
