The grievance of the petitioner is directed against non-supply of an electricity connection. The petitioner seeks directions on CESC Limited to provide a new connection to the premises of the petitioner by installing a new meter.

Pursuant to an earlier order of Court, the CESC Limited has filed a Report dated 20th May, 2026. It transpires from the Report that without installation of a transformer it is technically impossible to provide the kind of connection, which the petitioner desires.

In view of the above, **WPA 10767 of 2026** stands **disposed of** by granting liberty to the petitioner to take necessary steps in accordance with law, if so advised.
