CORAM : MRS. VRUSHALI V. JOSHI, J.

DATED : 16th FEBRUARY 2026

PC:-

1. The Applicants have filed these applications for relaxation of

condition which was imposed while granting bail not to enter in the village Alsand, where the victim stays till the recording of evidence of victim. The Counsel for Applicant in Interim Application No.3702 of 2025 has stated that the Applicant is having garage in said village. Since last six months, he is away from his business. For the business purpose, he requested to relax the condition not to enter the village. Whereas the Applicant in Interim Application No.3704 of 2025 is pursuing his education in Vita.

2. The learned APP opposed the applications and has stated that the allegations are about stalking and taking photographs of victim without her knowledge and forwarding those photographs on Instagram and snap chat. The allegations are against both these Applicants.

3. As the condition is imposed till recording of evidence of victim, considering the allegations made against the Applicants in both the application, this is not a fit case to relax the condition.

4. Hence, both the Applications are rejected.
