DATE : March 30, 2026

P. C. :

1. This is an application seeking post grant amendment to the Probate granted on 20th March, 2015.
2. Learned counsel for the Applicant submits that post the grant of Probate, there were certain additional shares which were brought to the notice of the Applicant and points out to the communications addressed by the concerned companies to the Applicant. He would further submit that in the schedule of assets to the Testamentary Petition certain folio numbers and distinctive numbers have to be added to the description of the shares which are already listed in the schedule of assets. He would further point out the consent affidavit of

the legal heirs to the post grant amendment.

3. I have perused the schedule of amendment and the schedule of assets.

4. By the present amendment, the original Petitioner seeks to amend the schedule of assets to include the additional shares which were not to the knowledge of the Petitioners at the time of applying for the grant and also for furnishing better particulars in the form of distinctive numbers and folio numbers to the shares which already form part of schedule of assets. Considering the nature of amendment, there is no impediment in the grant of the application.

5. Resultantly, Interim Application is allowed. Amendment to be carried out within a period of four weeks. Re-verification is dispensed with. Post amendment grant expedited.
