3. Grievance of the petitioner is that the official respondents are not taking any action to stop the illegal quarrying activities of the six respondent and that the representation submitted by the petitioner to the first respondent is also pending since December, 2025.

4. Learned State Counsel, on written instructions, submitted that the sixth respondent has been granted quarrying lease for a period of five years from 08.11.2022 to 07.11.2027. In case there is any complaint in respect of excess quarrying beyond the permitted limit and beyond the sanctioned mining plan, there is a standard operating procedure ('SOP', for short) for conducting drone survey around the quarry. In strict compliance of the said SOP, the official respondents have also issued a pre-show cause notice to the lessee, viz., the sixth respondent, calling for his explanation. The sixth respondent has also submitted his written explanation. The respondents are in the process of conducting drone survey as per the SOP.

5. Learned State counsel submitted that the officials require a further period of six weeks to complete the inquiry and take a decision

With the aforesaid direction, the writ petition is finally disposed of. There will be no order as to costs.
