ORDER

This writ petition is filed challenging the impugned refusal check slip dated 27.03.2026.

2.Upon perusal thereof, it can be seen that when the petitioner presented the document, the same is refused for want of production of the original parent deed.

3.It is the contention of the learned counsel for the petitioner that the original parent document is missing and he has already given a complaint to the file of the second respondent.

4.The learned Additional Government Pleader appearing for the first respondent would submit that in view of section 34C of the Act, without the original document, they cannot be registered. In respect of missing document, non traceable certificate has to be produced.

5.I have considered the rival submissions made on either side and perused the material records of the case.

6.Since in this case already a complaint has been given to the file of the second respondent, the second respondent police shall take up the complaint lodged by the petitioner for consideration and by following the relevant time line given under the circulars, shall issue a non traceable certificate if the document could not be traced as early as possible. It will be open for the petitioner to re-present the document along with the non-traceable certificate and if there is no other impediment, the document shall be registered upon re-presentation.

7.With the above observation, this Writ Petition stands disposed of.

No costs.
