under the above act. On 25.09.2025 when the petitioner intended to cut the trees the employees of respondents 3 to 7 came and objected demanding money in the name of head load workers fees for allowing the petitioner to cut the trees using his employees. Hence sought for police protection so that the work is not obstructed. The employees of the petitioner are also fearing assault at the hands of the private respondents. The private respondents are using force and demanding protection money, hence sent a complaint, but no action has been taken, hence the present petition has been filed. The petitioner has also produced the copy of the order passed by the District Collector and President of the District Forest Committee had granted permission for the petitioner to cut the old rubber tress and remove the same.

3. The learned Additional Public Prosecutor submitted that if the private respondents demand any such protection money or obstruct the petitioner from employing his own employees to cut and remove the rubber plants which is against law. The second respondent will ensure that the cutting and removing of the trees by the own employee of the petitioner is not obstructed and the respondent police will not allow any arm twisting method or show any force and thereby violating law will not be permitted in any manner.
