1. As per Annexure Mark 'A' separate disabilities were assessed by different team of Board of Doctors. One team assessed the locomotor disability, and another one assessed the neurological disorder, which were assessed at 41% and 10%, respectively.

2. In view of the above assessment of disability, the respondents-State, is required to re-assess the entire issue on the basis of the report submitted by the PGIMER, Chandigarh, and thereupon, to pass a fresh order. Therefore, the instant petition is **disposed of**, with a *mandamus* upon the respondents-State, to take a final decision afresh.

3. It goes further without saying that, in case the petitioner gets the disability benefits only on account of his locomotor disability, then the respondent-authorities shall take into account the said disability, as assessed by the PGIMER, Chandigarh.
4. All pending application(s), if any, also stand **disposed** of accordingly.
