**CWP-8300-2026**

1. This writ petition has been filed challenging the establishment of a bio gas plant at Village Bagge Kalan, Ludhiana, by contending that the same violates the Central Pollution Control Board Guidelines annexed as Annexure P-7. These guidelines have been framed under Environment (Protection) Act, 1986 and, therefore, it is obvious that the issue, being raised herein, relates directly to the environment as it is contended that the unit of bio gas plant is water intensive unit which causes rapid depletion of the underground water level.

2. In view of the above, the issue essentially relates to the field of environment for which a specialised Tribunal i.e. NGT has already been constituted under the NGT Act and, therefore, this Court, for the said purpose, declines interference on merits and disposes of this petition and relegates the petitioner to avail appropriate remedy before the NGT or any other appropriate Forum in accordance with law.
