**IN THE HIGH COURT OF PUNJAB AND HARYANA AT
CHANDIGARH**

SR. NO.107

**CRM-M-21790-2024 (O&M)
DATE OF DECISION:23.02.2026**

NIRMALJIT SINGH ALIAS NIMMA

...PETITIONER(S)

VERSUS

STATE OF PUNJAB

...RESPONDENT(S)

CORAM: HON'BLE MR. JUSTICE N.S.SHEKHAWAT

Present: Mr. Mudit Johar, Advocate for
Mr. Abhimanyu Singh, Advocate
for the petitioner.

Mr. M.S. Bajwa, DAG, Punjab.

Mr. Mahir Sood, Advocate
for the complainant.

N.S. SHEKHAWAT, J.

The petitioner has filed the fifth petition under Section 439 of Cr.PC with a prayer to grant regular bail to him in FIR No.77 dated 07.09.2017 registered under Sections 302/148/149/473/201/120-B IPC and under Section 25 of the Arms Act at Police Station Banur, District Patiala.

During the course of hearing of the present bail petition, this Court had taken into consideration the medical status report, which was filed by way of affidavit of the Superintendent, District Jail, Rupnagar and the petitioner was directed to be released on interim bail for a period of 15 days on 07.11.2024. Since then, the petitioner continues to be on interim bail in the present case. On 28.10.2025, again a short reply was filed by way of affidavit of Deputy Superintendent of Police, Circle Rajpura and along with

the said reply, a report prepared by Department of Radiology Oncology of Postgraduate Institute of Medical Education and Research, Chandigarh was also annexed and the relevant extract of the said report has been reproduced below:-

“This is to certify that Nirmaljit Singh s/o Beant Singh, a 45 year old Male, CR no 202401402460, RT No. 4319/24 is a known case of Invasive lobular carcinoma of the left axillary lymphnodes with unknown primary, registerted in RT OPD on 05.08.2024. Patient was treated outside with left axillary clearance in 2021 followed by 5 weeks of radiotherapy details of which are not available at present. Patient presented to PGI with left upper limb swelling and recurrent left axillary and supraclavicular lymphadenopathy. Patient also has left upper limb deep venous thrombosis on oral anti-coagulation. He was treated on the lines of male breast cancer. Patient received 8 cycles of chemotherapy with 4cycles of Adriamycin and Cyclophosamide followed by 4 cycles of Paclitaxel and Trastuzumab last on 14.02.2025. PET CT done on' 13.03.2025 has shown a good response to chemotherapy with residual left axillary and supraclavicular disease. Then patient received radiotherapy 34Gy/10#/2weeks to left axilla and SCF from 28.04.2025 to 09.05.2025. Patient then received 9 cycles of Inj Trastuzumab last on 29.09.2025. He is in good general condition and his disease is under control. He is planned for 5 more cycles of Inj Trastuzumab. He was last seen in RT OPD on 08.10.2025.”

From a perusal of the said report, it is apparent that the petitioner is in good general condition and his disease is stated to be under control. Consequently, the present petitioner is directed to surrender within a period of one week from today. Even otherwise, the trial is fixed for

defence evidence and is about to conclude soon. Consequently, it would not

be appropriate to release the petitioner on regular bail and that too while considering his fifth bail petition and also the fact that there is no change of circumstances. Resultantly, the present petition is dismissed, being devoid of any merits. Pending application(s), if any, shall also stand disposed off, accordingly.

Needless to observe that that the Superintendent of concerned Jail shall be under an obligation to provide the best possible medical treatment to the petitioner, in accordance with law.

The trial Court is directed to expedite the trial.
